

Dear ECEAP Families and Community Members,

As many of you know, new COVID -19 restrictions were announced Sunday by Governor Inslee and go into effect on Wednesday November 18, 2020. We are thankful that child care centers and K-12 programs have been exempt from these new restrictions. CME ECEAP will continue to operate fully unless directed otherwise by the Spokane Regional Health District.

At this time, we will continue to offer IN PERSON schooling at both our South Hill location (3307 E 55th Ave) and our Division location (2001 N Division).

- **South Hill will operate from 8:30 AM to 12:30 PM Monday - Thursday.**
- **Division will operate 8:00 AM to 11:00 AM for their morning session and 12:30 PM-3:30 PM for their afternoon session, Monday - Thursday.**

We will continue to use our screening tools and take extra precautions to keep everyone safe and healthy. Our Family Support Specialist and Director will be available to all families for any needs that arise during this difficult time.

We currently have openings in all of our programs, please reach out to our Family Service Specialist, Jessica at (509) 951-7435 or jessicas@community-minded.org for any enrollment/assistance questions.

We will get through this together,

Arrienne Maldonado
ECEAP and Family Services Director
